

TWO RED CROSS NURSES KILLED

ANOTHER HURT ABOARD LINER

Edith Ayers and Helen Woods
of Chicago Die Following
Accident at Sea.

HIT BY SHELL FRAGMENTS

[By Associated Press Leased Wire.]
New York, May 21.—In an accident during practice firing at sea yesterday of a gun aboard an armed American merchantman bound for Europe, two American Red Cross nurses have been killed, and a third wounded, making virtually the first American casualties of the war.

The two killed were: Miss Edith Ayers, Miss Helen Burnett Wood, both of Chicago.

The wounded is said to be Miss Emma Matzen of Chicago. They were members of the base hospital No. 1 bound for duty in France.

The ship which sailed Saturday returned today, her flag at half mast with the two bodies and the wounded nurse, who was taken in a tug to the New York navy yard hospital.

Official announcement of the cause of the accident has been withheld by both army and navy authorities here. One version obtained when the steamship reached quarantine was that the shell from the gun had exploded about 175 feet distant just as it was striking the water and that pieces of the shell ricocheted and struck the nurses. Another was that the accident was caused by a breach explosion of a defective shell as the gun was fired. Another was that the shell exploded as it was being loaded.

It was expected that a navy board of inquiry would investigate. Meanwhile, it was said, the ship would probably remain at port.

Miss Matzen is expected to recover. There were said to be about 260 members of the No. 1 base hospital aboard the ship, of whom 60 were women nurses.

The navy department's official dispatch gave no details of the accident other than that the nurses were killed by fragments of brass from one of the liner's guns. This was taken to dispose of the first report that they had been struck by a shell ricocheting from the water and to indicate that they were killed as the result of some sort of a gun accident.

Were Hospital Nurses.
Chicago, May 21.—Before joining hospital unit No. 1, Mrs. Edith Ayers and Miss Helen Burnett Wood, word of whose death on an American steamer bound for France reached here today, were nurses at the Cook county hospital here.

Mrs. Ayers was 28 years old. Her home was Alton, Ill. The unit contained 65 trained nurses.

The steamship sailed Saturday evening for Europe. With her flag at half mast she came to an American port this morning, bringing the bodies of the dead nurses.

The accident happened about 2:30 o'clock yesterday afternoon. A gun at the stern was being used. An explanation made by one of the ship's officers was that when a shell struck the water about 175 feet from the vessel the centrifugal force caused bits of the steel to fly back on shipboard. One of the ship's officers was standing beside the nurses and was uninjured.

Both Chicago Girls.
Washington, May 21.—The two Red Cross nurses killed on the American steamer, reported to in the foregoing dispatch, were Edith Ayers and Helen Burnett Woods, both of Chicago.

Miss Helens Sparks and David Lindner and Sarah E. Parnham of Baltimore were with the Chicago hospital unit.

EXTORTION CHARGED

[By Associated Press Leased Wire.]
Cedar Rapids, Ia., May 21.—The trial of Harold W. Jirka, Chicago attorney, under indictment in this county on charges of malicious attempt to extort \$15,000 from Franklin Junkerman, wealthy business man, was scheduled to start before Judge F. O. Ellison in the district court, this afternoon. It is expected at least two days would be required to obtain a jury. Mahalia Reed and Doris Byrne, indicted jointly with Jirka, will be placed on trial immediately after the Jirka case is finished. The trio are accused of enticing Junkerman to a flat in Chicago last June where he was caught in a compromising position with the Reed girl. Junkerman paid \$5,000 cash to each of the three women and later gave two more for \$5,000 each. He later went before the grand jury and indicted his accusers.

War Situation

Generals Haig and Pétain are again pushing ahead with the offensive in northern France and today both report new gains.

After driving into the Hindenburg line along a mile front yesterday morning, the British resumed their offensive last evening and captured support trench behind the position just taken.

The firmness of the British hold on this section of the Hindenburg line seriously threatening the German front switch protecting Lual, is attested by the failure of the German reactions. General Haig is well maintaining his initiative and by bit forcing the Germans to give ground. Not only did the British push themselves able to hold their gains from morning's advance, but they counter-attacks, but to resume their offensive the same day and push far ahead, maintaining their position advance also against renewed counter-attacks.

The French for their part in the great battle have resumed their advance in the Champagne. Having followed the crown prince's desperate and costly effort to regain control of the Chemin-des-Dames plateau on the Alsne front, General Pétain turned to the Champagne sector and struck northward on the Moronvilliers heights.

Several lines of German trenches were captured in these operations and some 800 prisoners were taken. All the important observations posts in this section of the front are now in French hands, facilitating their further advance in the drive calculated to flank the Germans one of the salient to the northwest projecting towards Rheims.

BRITISH ADVANCE THRU GERMAN LINE

London, May 21, 1:45 p. m.—British troops during last evening captured a support trench behind the Hindenburg line trench taken during the morning, the war office announced today.

Capture German Trenches.
Paris, May 21, noon.—Several lines of German trenches in the Champagne near Moronvilliers were captured last night by the French, the war office announced today.

Berlin Admits Withdrawal.
Berlin, May 21, via London, 1:16 p. m.—The Germans on the Arras front yesterday maintained their positions except in one demolished trench which was evacuated according to plan during the British attack Sunday on an eight and one-half mile front, says the official statement issued today by the German army headquarters staff.

The German announcement says the French yesterday obtained a foothold on Mont Camille and on Mont Kell. Yesterday the Germans brought down 14 intente airplanes on the western front.

Italians Take Hill.
Rome, May 21, via London.—Italian troops yesterday took a hill between Pajlova and Britovo in their offensive on the Julian front and also extended their positions to the Volles, says the official statement issued today by the Italian war department.

Bulgars Hold Line.
Sofia, Sunday, May 20, via London 21, 1:57 p. m.—The repulse of further intente attacks on the Macedonian front is announced by the war office.

See Battle of Flanders.
Berlin, via London, May 21, 10:50 a. m.—An engagement between German and French torpedo boats off the coast of Flanders, a short outburst, engagement took place between German and French torpedo boats. The enemy boats were repeatedly hit by our artillery and our vessels returned without losses or damage.

The French official statement issued yesterday reported that a flotilla of German destroyers had been driven back to its base by a patrol of four French torpedo boats. The statement said that one of the French vessels had suffered some damage.

THIS THE LAST WEEK OF THE BRITISH MISSION

[By Associated Press Leased Wire.]
Washington, May 21.—The British war mission entered today, fifth and final week in this country.

The practical conclusion of the negotiations over trade matters, the decision to send an American army to Europe and the transfer of official negotiations to London, practically all the major issues which brought the visitors here have been settled.

What remains now is the detailed working out of policies by experts.

TO TRY MRS. MOONEY

[By Associated Press Leased Wire.]
San Francisco, Cal., May 21.—Mrs. Helen Mooney, wife of Thomas J. Mooney, who is under sentence of death for murder growing out of the preparedness day bomb explosion here July 22, 1916, when 10 persons were killed or fatally wounded, was to be placed on trial today in the superior court on the same charge.

Mrs. Mooney, a music teacher, is one of five persons indicted for murder as a result of the explosion and is the third to be tried.

FOOD CONTROL BILL ADVANCED

House Committee for Measure
as Aiding in Efficiency
of U. S. in War.

DRY CLAUSES INTRODUCED

[By Associated Press Leased Wire.]
Washington, D. C., May 21.—Favorable report on the administration bill to give the president broad powers as to preferential shipments of food, munitions and other war traffic was made today to the house.

The report says the bill is "germane to the earnest effort we are making to utilize to the highest state of efficiency during the war the transportation facilities of the country and to promote the efforts of the administration to carry on the war by requiring preferential shipments of all freight which, in the judgment of the president, is essential to the public security and defense."

The section, as to movements of transportation, the report explains, "has no reference, as has been erroneously stated in some quarters, to any disputes between carriers and their employees."

"Fortunately," it adds, "there is a truce on the subject during the war."

Dry Features Introduced.
Efforts to add a prohibition amendment to the bill were forested by several amendments introduced today in the senate proposing various plans to curtail manufacturing of intoxicating beverages during the war. Senator Thompson of Kansas introduced the Webb bill, now pending in the house to prohibit use of distilleries for making liquor. Senator Cummins of Iowa, introduced a similar amendment authorizing the president to commandeer present supplies of liquor and take over liquor manufacturing plants.

Another prohibition amendment by Senator Wadsworth of New York would make unlawful the manufacture of distilled spirits during the war, except for industrial, mechanical, sacramental and scientific purposes and limit alcohol content of wine and other malt liquors to 4 percent.

RAILROADS BLAMED FOR COAL SHORTAGE

[By Associated Press Leased Wire.]
Washington, D. C., May 21.—The bituminous coal shortage is blamed on the railroads, in a report today by the federal trade commission. Producers, by taking advantage of the lack of cars, are charged with responsibility, however, for prevailing high prices.

"There is no scarcity of coal in the country," the report says, "but the sufficient coal in the bituminous coal mines now being operated, not only to supply a greatly increased demand. The unprecedented demand for this fuel in the past six months, together with the difficulties of rail and water transportation, not only have absorbed the coal as fast as it could be shipped from the mines, but have led also to almost complete exhaustion of the coal stored at tidewater points and at the docks in the great lakes."

"The country faces a serious state of affairs in obtaining a commodity which is basic to practically every form of its military and industrial activity."

United States May Fix Prices.
Under war time conditions, says the report, "it may become the duty of the government to take steps similar to those found necessary by other belligerent European countries, and not only to regulate the distribution of coal from the mouth of the mine to the ultimate consumer by allowing the different classes of the product which are allowed to purchase, but also to establish the prices to be paid by different classes of consumers."

At a time like the present excessive profits should not be permitted to be exacted from the public by producers and distributors of a prime necessity of life.

"Figures submitted to the commission show that most of the present prices now charged are far in excess of the cost as shown by the operators' books. Many of the operators frankly take the position that they are trying to get for their coal the highest prices possible under the present demand and are refraining, even at greatly increased prices over last year, from contracting their output to the extent of their usual custom."

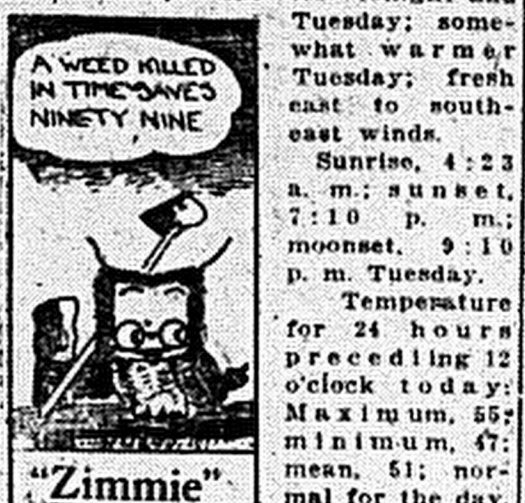

VOLUNTEER SALESMEN SELLING LIBERTY BONDS

[By Associated Press Leased Wire.]
New York, May 21.—A volunteer army of 500 bond salesmen started a canvass today of the financial district for subscriptions to the liberty loan. At the same time the big retail stores up town started their campaign to sell a \$50 bond to every man, woman and child in New York. In each store a bond salesman, assigned by the bankers' liberty loan committee, will sell bonds from a booth, and in addition a majority of the larger stores have arranged to furnish bonds to their employees to be paid for on the installment plan.

CALL IRISHMEN IN CONVENTION

Lloyd George Announces Immediate Move to Form Constitution for Ireland.

REDMOND PROMISES HIS AID

[By Associated Press Leased Wire.]
London, May 21, 4:10 p. m.—It was announced by Premier Lloyd George today that the house of commons today that the government intend to summon immediately a convention of representative Irishmen in Ireland to submit to the British parliament a constitution for the future government of Ireland.

King to Name Chairman.
Premier Lloyd George stated today that the chairman of the proposed Irish convention will be nominated by the crown.

"If a substantial agreement is reached regarding the character and scope of the constitution framed by the convention," said the premier, "the government will take the necessary steps to enable the imperial parliament to give legislative effect therein. The convention will be held with closed doors."

The convention, said the premier, would be representative of the local governing bodies, the churches, the trade unions, and commercial and educational interests and would include Sinn Feiners. The delegates would be chosen by the respective bodies. John Redmond, the national leader, speaking after the premier had made his announcement, said that for the first time in his history Ireland had been asked virtually to settle a problem for herself.

"I take it for granted," he added, "that all sections of Irishmen feel it their duty to come in."

Has Hope of Results.
"I have the sure hope," Mr. Redmond said, "that the result of the convention will be a blessed one for Ireland and the empire. With all my heart I hope the convention will be animated by the true spirit of conciliation among Irishmen."

Mr. Redmond said they must not shrink from a compromise, and if they could obtain a substantial agreement it would be worth all the heart burnings and postponements of the last thirty or forty years.

Also he was aware of the difficulties that were in the way, continued the Irish leader, he took it for granted that all sections of Irishmen would on consideration feel it their duty to come in and meet their fellow countrymen.

Sir John Lonsdale, secretary and whip of the Irish unionist party, said in addressing the house that the latter party would submit the entire proposal to the people of Ulster and recommend its careful consideration. He and his colleagues, he declared, would not take the responsibility for closing the doors upon the experiment.

The people of Ulster, added Sir John, would be guided by the same patriotic motive which had always guided them, altho he could not feel sanguine that the convention would accomplish the purpose designed.

JUDGE SAYS WIFE SHOULD KILL MATE WHO BEAT HER

[By Associated Press Leased Wire.]
Peoria, Ill., May 21.—Judge T. N. Green in the principal circuit court today told Mrs. May Elchorn that she ought to have killed her husband when he beat her and take a chance of acquittal by a jury.

He granted her a divorce from her husband, Dr. William A. Elchorn, a mechanical dentist, and fixed alimony at \$8.50 weekly.

Draft Rules FOR THE RIGHT

The duties of the county clerk or of the city clerk in cities over 30,000 become active upon the receipt of registration cards by the sheriff. From the day of the receipt of the county supply of registration cards by the sheriff the county clerk and the city clerk of cities of over 30,000 (not the clerk of the city registration board, unless such clerk is also clerk of the city) must be prepared to furnish cards to the clerk and to persons absent from their domiciliary precincts and to certify to their registration cards. For this purpose the clerk will familiarize himself with the duties of registrars and instructions for answering questions. Absentees must be instructed that the clerk is not registering them and that the burden is upon the absentees to see that their card (when certified to by the clerk) is mailed to the registrar of the absentee's home precinct in time to reach such registrar on registration day. This sick may apply to the county clerk by agent. Absentees and the sick will not be furnished with registration certificates by county or city clerks. These must come from the registrars in their home precinct.

Male persons within the designated ages who on account of absence at school on account of absence without the territorial limits of the United States may be unable to comply with the regulations herein pertaining to absentees, will within five days after reaching the first United States post register as herein provided for other absentees.

Before completing the registration cards of such persons the proper county or city clerk will require of them an affidavit stating the cause of their absence which affidavit will be forwarded to the registration board of the persons' domiciling precinct to be filed with the registration card.

Registration regulations in hands of absentees must be honest in the for such persons to register on sixth day after president's proclamation, sick and persons who expect to be absent from home registration day. And all such persons are required to report for registration at once.

"F. S. DICKSON, Adjutant-General, State Provost Marshal." The proclamation was issued May 18, 1917, and the date for registering the sick and those who will be absentees is Thursday, May 24, 1917.

SHE ESCAPES RAIN BUT MISSES TRAIN

Swedish Girl Buzzed by Young Man She Meets in Building When Fleeing Drenching.

Miss Ruth Lindsay, 17 years old, of Sandwich, ran off the street into a down town building last night to escape the rain and there met Charles Ashing, 23 years old, a taxicab driver. The two were engaged to be married. A patrolman happened along and placed them under arrest. Both were taken to police headquarters. The girl was placed in a cell in the woman's department and the taxi driver was given quarters in the jail proper.

It was waiting for the midnight train to go home and it was raining so hard I had to run into the building," the girl said this morning. "When I met Mr. Ashing he was very nice to me. Mr. Ashing acted as a perfect gentleman."

The girl and Ashing were released this morning. The girl was advised to go home, and said she would.

ALLSTEELCOMP COMPANY PLANS \$60,000 PLANT

The Allsteelcomp company, manufacturers of steel ladders, general office and factory equipment, has awarded the contract for the erection of a \$60,000 factory building on land purchased from J. E. Salfsberg & Co. The site is in Highland avenue and the building will be 350 feet long and 100 feet wide. One section will be two stories in height while the remainder will be one story.

A present the Allsteelcomp company employs 25 men in the factory at St. Louis. The force will be increased to 150 hands when the company moves into its new building, it is announced.

APPEAL TO FARMERS TO RAISE MORE SUGAR

[By Associated Press Leased Wire.]
Washington, May 21.—With the world's stock of sugar being rapidly depleted, the department of agriculture today appealed to farmers, processors and farmers to increase production of sugar. Prospects are bright, that in many portions of the area devoted to sugar beets in this country the acreage this year will exceed that of any previous year.

U. S. IS IN WAR FOR THE RIGHT

Wisconsin Speaker Tells Holy Angels' Church Folk America Seeks No Conquest.

IS CHURCH'S SILVER JUBILEE

"The United States is prompted in the interests of the rights of the people and humanity, in entering this great world-wide war," the Hon. Daniel Grady of Portage, Wis., said last night in a speech at the Holy Angels' church, during the celebration of the church's silver jubilee.

"When the church, authorized and elected officials at Washington have spoken, it does not remain for anyone to say, 'Why was it done?' No one has the right to question the act of our nation. Every true and loyal citizen will discharge his duties and responsibilities. The citizen yields his personal views when the government speaks."

No War of Vengeance.
"The United States never raised its arms except for defense or for humanity. We thought that the age of peace had arrived. It was not so. We are in this fight to win and very few will be found to be disloyal. We are the champions of right. The son of the humblest parents can become president. The United States has no vengeance to seek. When the rights of the individuals are established it is hoped that the last blood has been shed in battle."

"We are entitled to religious liberty; we must have religious liberty. I deny that any broad-minded, true American of intelligence can be a religious bigot. This government is based on the belief of God and love. I deny that this country can ever be the theater of a racial or religious trouble."

"The anti-Catholicism is not an idea by people of intelligence. On the personal or roster of any anti-Catholic society can not be found the name of any person prominent in commercial, social or political life. Many who entertain views against Catholics are honest in their belief. Many of them are as honest in their belief as we are. They believe as we do that ignorance, throw open the doors for information. There is nothing in the Catholic religion to the truth. It is our duty to give information."

Mr. Grady spoke as a substitute for the Rt. Rev. Bishop P. J. Muldoon of Rockford, who was summoned to Kansas City.

Seen Greater Church Edifice.
Judge E. M. Mangano in presenting a purse of \$500 in gold to the church, predicted that within a short time the entire church building of Holy Angels' will be used for a parochial school and that a new church and new parsonage will be erected.

The other numbers of the program: Drill by Girls' Marching club, led by James Sanders. Selection by John Sanders. Reading, Frances Hart. Songs, school children. Presentation of jubilee purse, by Judge E. M. Mangano.

Address, Daniel Grady. Several hundred attended the evening exercises, including many priests. In the afternoon more than 100 children were confirmed by Bishop Muldoon.

In the morning several hundred Ku Kluxers gathered at the Columbian received communion and after the mass breakfast was served to them by the Young Ladies' society.

M'ADOO IN IOWA

[By Associated Press Leased Wire.]
Des Moines, Iowa, May 21.—Secretary of the Treasury McAdoo arrived in Des Moines this morning as the guest of the city for the day, on his western tour in the interests of federal finances during the war.

His program here included a breakfast with representatives of the banks which are members of the Chicago district reserve bank; a reception open to the public at 11 o'clock; dinner for business men at 12:15; and afternoon of conference with bankers. Secretary McAdoo was scheduled to leave the city at 6:50 p. m. for Denver.

Many out of town bankers were in the Teachers' federation, the center of these were present at the breakfast. Secretary McAdoo was in honor of the secretary, R. T. Meredith of Des Moines, a director of the reserve bank of this district. The dinner was arranged to accommodate 600 persons, and most of the places were reserved by an early hour in the day.

HOTEL "WAR MENU"

[By Associated Press Leased Wire.]
New York, May 21.—On a food conservation basis a "war menu" will be placed before patrons of all the hotels in New York city as soon as it can be arranged. It was announced today by the Hotel Men's association. The number of courses at dinners and banquets will be reduced, it was said, and the more expensive foods will not be offered.

The War Spirit

Aurora women and girls who want to knit mufflers and other garments for the navy may get full information at the Navy leave headquarters in the old Walk-Over store in North Broadway. Circulars have been received for free distribution giving complete information and anyone may have a circular by calling there.

George A. Thalhimer, aged 19 years, has enlisted at the local navy recruiting station. He will enter the service as a seaman apprentice if he passes the examination. Thalhimer lives at 271 Talma street, and is a driver for the American Express company.

George Arthur Robinson, 13 years old, of 84 Wilder street, has also enlisted for the navy with Recruiting Officer J. J. McLean at the local recruiting station for the purpose of serving as a seaman apprentice. He has passed the examination. Thalhimer is a shoe clerk and will serve as a seaman apprentice, if he passes examination.

Company 1 of the Third regiment, Illinois national guard, has obtained 23 recruits since the call was issued by Col. Charles Greene. The newly enlisted men are: Walter Boudreau, John Jasper, Robert W. Hanson, Joseph Mousky, Alfred Smith, John Kocay, Peter P. Wisker, Frank F. Loeck, Leonard B. Russell, Donald E. Macdonald, George L. Snyder, Myron Griffey, Herbert C. Sprague, Jacob L. Leveck, Nicholas T. Houslet, John G. Genter, Edward W. Mayerhofer, George C. Cleveland, Florio Opie, Russell E. Scrafford and George Feelen.

Dr. A. E. Lord, chief of the medical staff of the Third regiment, will be at the armory at 15th and avenue tomorrow evening for the purpose of examining recruits. All those who have enlisted in the local companies and have not been examined are requested to report to Doctor Lord. Among those who will be examined are 10 members of the Aurora Zouaves.

The Aurora, Elgin & Chicago Railroad company is devoting space in the panels over windows in its city and suburban cars to white and blue uniforms, encouraging enlistment in the navy. General Harlow Fisher is the vice president of the local branch of the Navy league.

Altho plans for registration day for the draft army, June 5, have not been completed, a number have volunteered to serve as registrars. Following their names with City Clerk Grommes today: William Fowler, 3 South Lincoln avenue; R. H. Colby, 282 Downer place; George Boudreau, 129 North Union street; R. Thompson, 357 North York street; Clarence H. Hays, 151 North West street; G. L. Shorndean, 127 Fifth street; J. R. Hill, 125 Galena boulevard; W. J. Turner, 423 South Fourth street; R. A. Kinney, 173 Pennsylvania avenue, and A. C. Ryburn, 123 Fox street.

John Mewherter of the local Northwestern freight office does not believe in taking chances. Mewherter enlisted in the railroad reserve and camped on the municipal pier in Chicago and to make sure that he would serve Uncle Sam, he went to Des Moines, Iowa, where he made an enlistment in the machine gun company at that city.

John Charles Goss Jr., 18 years old, a student at Moonshine, enlisted this afternoon to join the navy. He will join as a seaman apprentice if he passes examination in Chicago tomorrow. Goss was born at Pittsburgh in 1899.

The ages for joining the navy have been changed, according to J. J. McGarry, local recruiting agent at the office of the Aurora Navy league. The previous age limit was from 17 to 29 years. It has now been changed to 17 to 25 years age limit, still holds good only in the apprentice seaman and landsman branches of the navy, he stated.

Water Supply Available.
"With the camp practically finished on the Fox river the sewage problem would be taken care of. There is also a pumping station at the yards with which the water needed for other than domestic purposes could be pumped out of the river. To the west is Blackberry creek, which would also be a valuable asset to the camp."

The main line of the Burlington railroad would pass the camp, giving the government ideal facilities for loading and unloading supplies. There is also a switch running from the main line along Sugar Grove, making it possible to switch cars to the heart of the camp.

With 1,000 acres of land to start the government could easily lease or purchase adjacent farm lands. No money would be lost by the government in the purchase of the farms as the land is constantly increasing in value."

Mayor Harley will give a report of his conference with the government officials to the city council tonight.

BURLINGTON RECEIVING NEW FREIGHT ENGINES

[By Associated Press Leased Wire.]
New York, May 21.—Sailors are expected to reach this week between the national conference committee of the railways and heads of the four railway brotherhoods at all points at issue over the application of the eight-hour day, representatives of both sides announced today. SAILORS BUY LIBERTY BONDS FOR FAMILIES

[By Associated Press Leased Wire.]
Great Lakes, Ill., May 21.—Sailors at the United States naval training station here probably will buy about \$1,000,000 worth of liberty bonds, Capt. W. A. Moffett, commandant, announced today. Under the plans it will be suggested to each recruit that he purchase a \$100 bond in honor of his mother or some other member of his family, arrangements having been made for installments of \$2.50 a month. It was estimated that the aggregate purchases in the next few weeks will reach a million dollars.

OFFER SITE FOR U. S. CAMP HERE

Burlington Railroad and City
Seek to Bring 28,000
Soldiers to Aurora.

VAST FIELD IS NECESSARY

[By Associated Press Leased Wire.]
Chicago, May 21.—Mayor James E. Harley and former Mayor J. M. Raymond of Aurora, Ill., headed a delegation which appeared today to the Illinois cantonment board to locate the Illinois concentration camp at Aurora.

This was the first delegation received. One from Danville followed. Fifty Illinois cities from Cairo to Moline, are expected to present their claims.

The Burlington Railroad today offered to the United States government the use of the Montgomery road yards and 1,000 acres of land to the west of the yards as a nucleus for one of the great military camps which are to be established in Illinois for the training of the new army. A. M. Young, local commercial agent for the Burlington, and Mayor James E. Harley went to Chicago today to confer with government officials.

In a telegram received here Saturday local officials at the Burlington were requested to confer with the Commercial club and city officials with a view of getting a tract of 5,500 acres of land for the government camp. The government will furnish 25,000 men and 12,000 mules, besides all equipment in each camp. Each will be a "soldier city" containing over five square miles.

Mayor Harley called a meeting of the aldermen, officers of the Commercial club and representatives of the Burlington railroad at the city hall today at which plans for offering a site for a camp near here were discussed. It was agreed that the railroad property at Montgomery offers an ideal spot for one of the camps. The government can acquire the remainder of the land needed by renting or purchasing farms, it was stated.

A committee composed of Mayor Harley as chairman, John M. Raymond, Alderman Daniel Lilley, A. M. Young, Alderman John Burkel and Col. Charles Greene, was appointed to confer with the government representatives when they come to Aurora to inspect the site. It has been announced that the government men will start their tour of inspection tomorrow.

The soldiers and other Burlington property at Montgomery forms an ideal nucleus for the training camp. Mayor Harley said the meeting this

FIGHT TO KEEP WAR AWAY CAPTAIN SAYS

Harrison Tells Church Folk U. S. Must Battle Abroad or on Own Land.

Appeals to Mothers to Instill Patriotism in Sons and Not to Encourage Shirkers.

Captain Charles S. Harrison of Company D, Third regiment, Illinois National Guard, addressed the congregation of the Park Place Baptist church last evening. He appealed to loyal Americans to join the colors and aroused great enthusiasm. The church was decorated with bunting and U. S. flags.

An informal reception was held after the address, at which time all looked advantage of the chance to shake the captain's hand and express good wishes to him and the men whom he will take with him July 25.

Draft Quickest. "I have been training these boys for years and years," said the captain. "I have been with them at their summer encampments and at many other places, and have gladly watched them develop into soldiers. For I felt that some day we would have need for them."

"Many of them joined the guard without fully realizing the importance of that step. When the mobilization order came recently it served to wake them up and realize that at last they were to get down to business."

"There seems to be an impression among a good many people that to equip the young men with a khaki suit and place a gun upon his shoulder makes a soldier of him. That is a mistake. We have the boys, we have the uniforms, we have the guns, and we have the necessary accoutrements, but we have not an army. Now is the time for us to make one."

"All eligible men have been given the chance to volunteer for service, but it has been deemed advisable by our president to draft. In civil war times, to be drafted had a rather disagreeable flavor. It is not so today. We must have an army, and drafting is the quickest and surest way to get it. The young men of the nation should not dread this, but should embrace the chance to fight for the Stars and Stripes."

"Last June, 104 men left the local armory for the Mexican border. They were given a great ovation by their townspeople. At Springfield there those who were found physically unfit and they were sent back to their homes."

Great Improvement in Boys. "The balance of the regiment went to San Antonio, Texas. There we began the process of making them over. Many of them had never known discipline, had been in the habit of keeping late hours and other irregular habits. Regular habits, regular meals, regular hours, and healthful discipline soon did its work. The change that took place in a number of the boys reminded me of nothing so much as the medicine at which which they are familiar before and after taking."

"Cleanliness, a cardinal principle in the army, resulted in making the camp at San Antonio a more healthful place than our own city. Owing to the practice of burning all waste,

Harry Wants News.

Harry Bohner, son of Jacob Bohner, who joined the United States marines two weeks ago, wants his friends in the bowling game to write to him. The following postal card was received from him today:

"Friends and Brother Bowlers:—How are all the 'hard shells' at Sylvan? As for me, I am well and like it very much here. I am sure Sam sure takes good care of the boys up here and feeds them the best he can. I like it better every day. The drills were kind of hard the first few days but I am used to it now and like it. Would like to hear from some of the boys. From 'Sophie.' My address is Harry G. Bohner, Naval Training Station, 7-8 company, Great Lakes, Ill."

We were almost totally free from flies. To the mothers at home, there is a duty. Do not encourage your boy to find that his slight is not what it should be, do not tell him that he is unable to stand the rigors of army life. His country needs him. Help him, do not try to hinder him, but rather make him feel that he should do his bit."

"We obtain nothing without sacrifice, and to you mothers and sisters, I wish to impress you with the fact that this may be your sacrifice."

"This is not a war of conquest, but the struggle of democracy against aristocracy, and democracy must win. It is not alone England's fight, nor is it the fight of France. It is our fight for the ideals which we hold so dear."

Fight There or Here. "Some people decry the sending of American troops across the water. Picture Belgium, and imagine if you can, our own homes in the deplorable state in which Belgium is today. The war is brought to our shores. We must keep the war over there, and that necessitates the transportation of troops to Europe."

"Too much emphasis cannot be placed upon the spiritual side of life. In the army, and too much praise cannot be bestowed upon the Christianizing influence exerted by the U. S. M. C. A."

"If we are to succeed in this great war which has come upon us—and we must succeed for right must triumph—we must place our faith in divine power. We must be loyal to our flag."

"I am reminded of Ethan Allen's reply to a British general in the struggle of the revolution. In reply to the general's question in what right he demanded the surrender of his foes, he replied:

"In the name of the great Jehovah and the continental congress."

"We must place our faith in the great Jehovah and our congress."

MRS. MELTON'S LETTER

To Tired Worn-out Mothers

Jackson, Miss.—"I shall feel repaid for writing this letter if I can help any tired, worn-out mother or housekeeper to find health and strength as I have."

"I have a family of five, sew, cook and do my housework and I bear a very much run-down in health. My friend asked me to try Vinol. I did so and now I am well and strong and my old time energy has been restored. Vinol has no superior as a tonic for worn-out, run-down, tired mothers or housekeepers."

IOWA COURTS 'PT BUSY BY SUNDAY 'BLUE LAWS'

(By Associated Press Leased Wire.) Des Moines, Iowa, May 21.—Municipal courts of Iowa are expected to be busy today with the cases of alleged violators of the "blue" laws following the first day of statewide Sabbath closing enforcement yesterday.

Reports received here indicate that the statute was put into active operation throughout the state with varying effect.

Little enforcement of the statute was reported from the Mississippi river counties, in such cities as Keokuk, Burlington, Clinton and Davenport. The "blue" was on at Dubuque, Iowa City is said to have "run wide open."

More than 150 technical arrests were made at Sioux City, at Ottumwa some 35 and at Council Bluffs about 100 alleged violators were listed. Mason City authorities announced that they would make arrests with complaints were made. It was reported.

It was apparent from news dispatches received here that counties in which no large cities are located observed the law strictly.

Des Moines today had three alleged violators of the "blue" law to answer an municipal court following its session Sunday of Sabbath closing enforcement, as compared with 62 a week ago.

The three arrests here yesterday for alleged infringement of the statute were Joe Lorando, who operates a "temp" bar and fruit stand, the Holman drug store and the McCurran drug store.

Previous reports were to the effect that the druggists of the city had decided at a meeting that they would operate Sunday and that their action would result in a general opening of cigar stores.

CHICAGO TEACHERS SEVERED FROM UNIONS

(By Associated Press Leased Wire.) Chicago, May 21.—The Chicago Teachers' federation, the center of some dissension in the public school system in the last two years, has severed its connection with organized labor, it was announced by the Chicago Federation of Labor today.

John Fitzpatrick, president of the labor federation, said that the action was necessary because of the ruling of Jacob Loeb, superintendent of schools, prohibiting teachers membership in labor unions.

BRITISH ARE COMING TO VISIT CHICAGO

(By Associated Press Leased Wire.) Washington, May 21.—Announcement was made today that the British official mission will leave Washington next week for a brief visit to Chicago, then visit Toronto, Montreal and Ottawa.

In Chicago the entertainment will be in the hands of Mayor Thompson and will include a formal luncheon. Shipping problems were discussed today first by Secretary Balfour with members of the mission and later with Chairman Denman and Major-General Goodhale of the shipping board.

British trade experts in conference with American officials have worked out accurately the amount of tonnage necessary to continue the life-flow to the allies and the shipping board has a detailed program for meeting that need.

HERMAN BILLIK DYING

(By Associated Press Leased Wire.) Chicago, May 21.—Herman Billik, who spent years in the state penitentiary at Joliet, after he was found guilty of murdering members of the Vrat family, and who several months ago was pardoned when Jerry Vrat declared the prisoner was innocent, lies at the point of death at the county hospital.

Billik was first sentenced to be hanged. He was reprieved and at a later trial was sentenced to life imprisonment.

BIG JEW RELIEF FUND

(By Associated Press Leased Wire.) Chicago, May 21.—Announcement was made today that more than a half million dollars had been contributed for the relief of Jews in the war-stricken countries of Europe, at a meeting last night of representative Jews of Chicago. The largest individual contributor was Julius Rosenwald, the philanthropist, who pledged \$150,000 in addition to his million dollar subscription which is conditional upon the raising of \$3,000,000 in the United States.

POLICE PROBE DEATH OF TAXICAB DRIVER

(By Associated Press Leased Wire.) Chicago, May 21.—Police today were inquiring into the death of Sam Scardina, a public chauffeur, whose body was found yesterday on a lonely road near Riverdale, a western suburb. The automobile in which he had driven two passengers from a garage the night before was found abandoned several miles from where the body was found. Scardina was killed by a blow on the head, and the body apparently had been carried to the roadside.

A Message to the People of Aurora

For one whole week, at least, there is to be stomach comfort—real stomach relief for the thousands of sufferers.

Here is a new way—a sure way—to relieve your stomach distress, remove dyspepsia, indigestion, bloat, flatulency, heartburn, stomach pains of all kinds.

Just imagine what confidence we must have in the ability of EATONIC to banish stomach misery when we put the proof in the shape of one week's supply, right in your hands with it, a penny of cost to you and without promise or obligation.

Forget You Have A Stomach For One Week—FREE

We have set aside the week beginning a week from next Monday to be known as EATONIC WEEK. On any day during that week you can go to leading druggists and receive one week's supply of EATONIC ABSOLUTELY FREE. That will be the most conclusive proof that we can give you, or that you could ask for, that EATONIC will positively remove your stomach troubles. The burden of proof is upon EATONIC. You do not have to spend a cent of your money to prove our claim. A whole week's supply is ABSOLUTELY FREE. After you have used this week's supply and want more, you will find it for sale at the same drug stores.

In order for you to clearly understand how and why EATONIC does its work so quickly and efficiently you should bear in mind that, except in rare cases, the stomach is, fundamentally, all right. That is, it will do its work of digestion and assimilation properly if you will give it a chance. The great trouble is that most people allow their stomach to accumulate too much acid. Too much acid acts as a poison and irritates the lining of the stomach, impairs digestion and causes the partially digested food to sour and ferment, leaving harmful juices, acids, gasses and particles in digestive tract.

Now if you could reach into your stomach with a sponge or a piece of blotting paper and literally suck up and lift out that excess of harmful acid your stomach misery would be gone.

This confidence comes from what we know EATONIC has done in thousands upon thousands of cases in every section of the United States. These tests are beyond dispute—they cannot be questioned. And still, we are not asking you to accept these tests as sufficient proof or reason for you to buy EATONIC. Not at all. We are going to give you the proof, absolutely free so that you will know for yourself just what EATONIC will do for YOU.

EATONIC acts just like that. It is a pleasant-tasting compressed compound. As you chew it, thousands of tiny, sponge-like particles enter the stomach and suck up the excess acid and harmful juices like a sponge, and take them right out through the intestines—and Nature does the rest. And EATONIC is indeed healthful for anyone's stomach. It is antiseptic and does not contain a particle of anything that can possibly hurt the weakest stomach.

EATONIC is not an experiment. Hundreds of thousands of packages have been sold to people with painful stomachs and the stacks of letters from them show clearly that it is just a matter of taking out the excess acid from the stomach and the trouble is gone. And that is what EATONIC does.

You see a lot in print about what different remedies will do for stomach misery, and you are asked to BUY them on the strength of these statements. We are not going to take any chance that you will class EATONIC with others, by asking you to buy it in order to give it a trial. We want to give you a full week's supply, ABSOLUTELY FREE so that you can find out for yourself just what it will do for you.

Remember EATONIC WEEK Begins Week After Next

On any day during that week you can get a full week's supply of EATONIC absolutely free simply by going to the leading drug stores in the city and asking for it. These same druggists always have EATONIC on sale in full size boxes, or you can send to EATONIC Remedy Co., 1018 South Wabash Avenue, Chicago, Ill.

SPEED SHORT LIVED

Hert Woessner, 52 South Broadway, was arrested yesterday afternoon on the New York street bridge on a charge of speeding by Motorcycle Policeman Compton. Woessner was driving a new super-six car, which he had just purchased. He was recently given a license by the state, and was driving at a speed of 40 miles an hour. The charge against Woessner today because the evidence showed that Woessner had "let his machine out" for but a short distance.

FIRE CHIEF WARNS
ELECTRIC IRON USERS

"Women who use electric irons to do their ironing should be more careful," is the warning given out by Fire Chief Harlow today. Many losses from fire have resulted during the last year caused by electric irons which have been left with the electricity turned on after the users have finished ironing. Another loss from this cause was reported Saturday.

The chief's report shows that some of the fires from this cause have done considerable damage. Sometimes, after finishing with the electric iron, the user leaves the house or goes to bed and forgets to turn the "thing" off. The heat from the iron sets a fire to the cloth on the ironing board and the burning cloth drops to the floor setting fire to the wood or whatever it comes in contact with, the chief says.

Chief Harlow says that he even had a fire in his own home from the same cause, when his wife forgot to turn off the "juicer" recently.

PATRIOTIC PROGRAM

One of the fine patriotic programs of last week was that at the Dillenburg school. The members of Post 20, G. A. R., and pupils of Oak Park school were the guests of the afternoon. Twenty-one members of the post responded, the guests being welcomed by Mrs. William H. Berry, president of the Dillenburg Teachers' club. The school band furnished music. The Dillenburg school is doing a splendid job of "America" by all present. Recitations were given by Dixie Mason, Marion Liles, Elmer Johnson and Bertie Watkins, while a group of six little girls gave recitations. There were talks by W. M. Hanna and John M. Walker. A group of children sang a song and were heartily cheered by the audience. There were flag salutes by the various grades, and a fine flag drill by 20 of the pupils.

RUSH TROOP TRAINS
OVER THE "Q" ROAD

Secrecy Marks Movements of
Big Bodies of Men West
and South Thru Aurora.

ARE GIVEN RIGHT OF WAY

Government control of the railroads of the United States for the purpose of transporting American troops during the war, and of which there has been considerable talk among local Burlington employees as to which trains are apt to be taken out of service on the road, was exercised last night when a long train of soldiers passed thru Aurora and Chicago.

It was a special train of 15 cars and passed thru Aurora at midnight for the south. The train stopped here only a minute. The soldier boys seemed to be enjoying themselves. Another troop train went west thru Aurora earlier in the day.

No New Train Orders.
There have been no new developments in the movement toward taking Burlington passenger trains out of service, but persistent rumors still are going the rounds that certain trains are soon to come out of the service and be held in reserve by the government for shipping troops. Local officials of the Burlington state that they have received no information as yet about any trains that are to be removed. No new changes by the government in taking out of service the railway mail service have been received since the mail car was removed from Denver passenger train, No. 9, May 15. This same mail is being carried on the train but instead of using the mail car for the purpose the mail is handled in the baggage car and is not worked on the train by the railway mail clerks but taken thru the terminals where it is put off.

MUCH NEEDED RAIN
CHEERING TO FARMERS

A steady drizzling rain, which started late last night and continued through the morning, brought relief from the excessive hot weather which has held for the past four or five days and gladdened the hearts of farmers and gardeners.

Crops, mostly vegetables, which were badly in need of moisture, took on a new lease of life. Panama hats, which had begun to show signs of wear, were temporarily discarded and umbrellas were hastily pressed into service.

Reports from Sugar Grove, Kaneville and other near-by towns were to the effect that hailstones as large as bullets fell Saturday. Horses which were standing in the fields were cut by the hail.

DR. CIGRAND TO SPEAK
AT AURORA LABOR MEETING

The Aurora Trades and Labor assembly will hold an open meeting Wednesday evening, May 23, in Dillenburg hall.

Dr. B. J. Cigrand of Batavia, president of the American Flag association, will be the principal speaker. His subject will be "The Voice of the Flag."

Miss Madge Argo of Joliet will speak on the Labor league and the work that it has been and is now doing.

ANNUAL FIRE CHIEFS' CONVENTION POSTPONED

The National Fire Chiefs' convention, which is usually attended by all chiefs in the country, has been postponed by the war conditions. The large factories of the United States engaged in the manufacture of war munitions the firemen must stay at home instead of going away. It was decided upon by a committee in charge of the convention.

From the Barracks

Jefferson Barracks, Mo., May 19, 1917.

It is very warm in Missouri, and the mosquitoes are large and hungry. Otherwise our only difficulties are finding out what the government expects us to do next, and recognizing our old friends in Uncle Sam's stock clothes. We were quite a picturesque crew the first day or two, but tonight the sports from Chicago and the lads from Oklahoma gave brush-look just alike. In fact, the leggings look best on Oklahoma legs, as the underpinning of most of the rookies seems of smaller volume than was anticipated by the manufacturers.

At the first once-over the barracks looks like a great little chaos, but anyone like a great enough to the machinery to see the wheels turn can see that things are running with remarkable dispatch and smoothness for the job the force is up against.

Approximately 1,000 men are being handled thru here daily, the three have been a drop in the bucket. So long as everybody displays some intelligence, there isn't much trouble. But there was an Indian from Kansas City with our crew that it took about four men to keep track of. But he got thru, and Joe (that is as far as anybody's been able to pronounce his name) is the greatest entertainer in the camp. We asked him what he did before he joined the army, and he replied, "Nothing."

There are all sorts and conditions of men here, but most of them must be classed as regular fellows. They are great enough, but their hearts are in the right place, and they are learning as fast as they can find "old" map to answer their questions. A party of us have had a re-enlisted man to steer us thru. At that we have made some mistakes—but we have kept out of the guard house. Well, it is bedtime for men who must report for roll call at reveille at sunrise in the morning.

Yours,
LES BARBER.

GREAT U. S. NAVY FILMS
AT THE FOX THEATER TODAY

"U. S. Navy First," authorized government pictures showing the daily maneuvers of our "first line of defense," will be shown at the Fox theater tonight.

Chief Machinist's Mate E. E. Dwyer of the navy will lecture and a navy bugle will entertain with American bugle calls. The film was a great aid in securing recruits for the navy in Chicago, and is expected to arouse enthusiasm among Aurora audiences.

The daily life of the "jacks" on Uncle Sam's warships is pictured in detail, showing at close range how he spends his time preparing to defend the honor of the flag.

The picture is shown under the auspices of the Navy League of the United States, and by special arrangement all sailors and soldiers in uniform will be admitted free.

FLOUR PRICE RAISES

Flour at wholesale raised 20 cents a barrel Saturday but most Aurora stores are selling at the same price as before, not advancing their prices. Flour is selling at \$1.25 per 65-pound sack in Aurora. Saturday the wholesale price was \$1.50 and today it is \$1.40.

At Minneapolis, the flour market of the country, flour went up 25 cents a barrel Saturday, but in Aurora the advance was only 20 cents.

ENGLISH TRIBUTE TO CHATEAU

(By Associated Press Legated Wire.)

Hold Rate Executive.

(By Associated Press Legated Wire.)
Washington, D. C., May 21.—Federal decrees holding the Arkansas maximum freight and two-cent passenger rates confiscatory as applied to the St. Louis and San Francisco railroad were sustained by the supreme court today.

The court also sustained the decision of the lower court which declared valid the formula, adopted by western and southwestern railroads as a basis for determining whether rates are confiscatory after the supreme court had upheld the rates in 1912.

Social Chatter

Louise Kanate of Rockford has been visiting Miss Winnifred Truesdell in Woodlawn avenue.

A number of relatives and friends assisted Mrs. Michael Hanks Sr. in celebrating her seventy-seventh birthday yesterday at the home of her daughter, Mrs. Andrew Gering in Lincoln avenue. The house was handsomely decorated with roses and carnations. After a musical program luncheon was served. Mrs. Hanks presented a number of gifts.

ALL BIG TRUST CASES
ARE ORDERED RE-ARGUED

(By Associated Press Legated Wire.)
Washington, D. C., May 21.—All the big anti-trust suits before the supreme court were ordered re-argued today.

The announcement by the court today bears out the prediction that there would be no decisions in the great anti-trust suits, at least until the country had readjusted itself to war conditions.

The suits against the Steel corporation, International Harvester company, Reading & Lehigh railways and the United Shoe Machinery company, are among the cases which go over Court recesses for the summer June 11.

SELECTING 50 GENERAL
ARMY STAFF OFFICERS

(By Associated Press Legated Wire.)
Washington, May 21.—A board of general officers of the army, headed by Brigadier-General Kernan, acting assistant chief of staff, was in session today selecting 50 majors and captains of the line to be designated for duty on the general staff. The army bill signed by the president last week removes restriction upon the number of staff officers who may be kept in Washington and the full strength of three general officers and six others will be maintained hereafter.

Additional staff officers are necessary in connection with the organization of the cantonment camps to begin in July when the national guard is assembled in divisional units. There will be 32 camps altogether and an officer of the general staff will be assigned to each.

ARREST THREE IOWANS
FOR SHOOTING ON SUNDAY

(By Associated Press Legated Wire.)
Davenport, Iowa, May 21.—Mayor Clarence Hitchcock, Lee Gardiner, Leo Van Hise of LeClaire, Iowa, and Walter Kunkel of Davenport, sharpshooters and members of the LeClaire Gun club, will be tried today on a charge of violating the Sunday closing law. They were arrested at the instigation of members of the LeClaire Gun club, who tried first to get Mayor Hitchcock and then another justice of the peace to issue warrants, and on their refusal procured the arrest of the council tried to get an order Saturday to prevent the shooting Sunday, but the mayor refused to acquiesce and issued a license.

Obituary

Mrs. Bertha May Baysinger.
Mrs. Bertha May Baysinger died at Wesley Memorial hospital, Chicago, Sunday morning at 5:30 o'clock, 10 days after a serious operation for appendicitis.

Miss Baysinger was born in Aurora Aug. 13, 1897. She was graduated from the Oak street school in 1911 and from the West High school in 1915. She entered the University of Illinois immediately and was near the close of her sophomore year when compelled to come home by illness.

Miss Baysinger was an officer in the Epworth league of the Galena Boulevard Methodist Episcopal church and a devotee with everyone. Plucky, cheery, industrious and a clear thinker, Miss Baysinger had a bright and useful future planned for her by her friends. The funeral will be held Wednesday afternoon at 2 o'clock from the Galena boulevard church, the Rev. D. D. Vaughan officiating. Interment in West Aurora cemetery.

Mrs. Catherine Gropengiezer.
Mrs. Catherine Gropengiezer, aged 75 years, a resident of Aurora for the last 51 years, widow of the late Henry Gropengiezer, died Saturday night at 10 o'clock at her home, 281 Hinman street.

Deceased came to Aurora in 1866 and had lived in the same house most of that time. She was born in Germany June 1, 1841. She is survived by four daughters—Mrs. Louis Miller, Mrs. Eleanor Stiller, Mrs. Sophie Eresch and Mrs. Marie Dederich, all of whom are in the city.

The funeral will be held Tuesday afternoon from the house at 2:30 o'clock. Interment will be in Spring Lake cemetery.

The Enemy of Uric Acid
is Anuric

(By L. H. SMITH, M. D.)

In spite of the best care one takes of oneself, any part of the human machine is liable to become out of order. The most important organs are the stomach, heart and kidneys.

The kidneys are the scavengers and they work day and night to keep the system of the body clean. Their signals of distress are easily recognized and include such symptoms as backache, depression, drowsiness, irritability, headache, dizziness, rheumatic twinges, dropsy, gout.

The very best way to restore the kidneys to their normal state is to drink plenty of pure water and obtain a small amount of Anuric, which is dispensed by most every druggist. Anuric (double strength) is the purest and most effective uric acid solvent.

People are realizing more and more every day that the kidneys, just as the bowels, need to be flushed occasionally. The kidneys are constantly working, separating the poisons from the blood, and the continual and persistent action they are apt to exert, and then trouble starts. Uric acid builds up in the system, causing rheumatism, neuritis, dropsy, and many other serious disturbances.

It means that you are a victim to uric acid poisoning. Then ask your druggist for Anuric, which was first discovered by Dr. Pierce of the Surgical Institute in Buffalo, and which is dispensed by nearly every druggist in the land.—Advertisement.

Mitchell Has Bad Day and Chicago League Club Scores First Victory of Season.

NESS STRIKES OUT TWICE

The Chicago Magnets, with their lineup strengthened with two former major leaguers, Jack Ness and Tony Coss, won their first victory of the season at Fox catcher park, Sunday afternoon. They defeated Babe Mitchell's Aurora 8 to 1.

Ness, White Sox first baseman, did not break down any fence. He fanned five, while Mitchell's Aurora pitcher, who had a bad day and struck out twice, did not get a hit.

Mitchell Throws Ball Away. The Chicago pitcher, who had a bad day and struck out twice, did not get a hit.

It was a bad day for Mitchell and the local management. The weather turned cold and kept the attendance down to less than 500. Mitchell was not only going bad himself but had his pitcher, who had a bad day and struck out twice, did not get a hit.

Ness was on third and Spritzer was on second when Mitchell threw the ball away. The umpire allowed both runners to score. The work of Brown was off in several spots. In the seventh inning Aurora had three men on the sack, two were out and Mitchell was at bat with two strikes. He fanned the third strike and the ball batted itself under the breast protector of Catcher Behr.

The umpire called Mitchell out on strikes. The baseball rules say that the batter is out when the third strike is not caught in the fielder's cap, protector, pocket or other part of his uniform. The locals did not complain of the decision so it stood.

Mitchell started well, returning the side to the first. He had a hit in the second when Alie Moore hit. He fanned Mitchell in the third. The local first baseman, who had a bad day and struck out twice, did not get a hit.

The Tigers defeated the South Ends on the North and East avenue grounds yesterday afternoon by a score of 7 to 2. Reese, star of the Tiger pitching staff, was in great form, allowing the former city clump to hit five hits. He kept them well scattered, except in the eighth inning when they found him for top hits, a single and a double, which brought in one run. He allowed 12 hits in the strike-out.

FRED GOLDMAN
AMONG LEADERS

Local Pinman Stands to Win \$105 in Two Events in Bowling Tourney

WIGAND IS IN NINTH PLACE

With the Illinois state bowling tournament closing tonight Fred Goldman of Aurora continued to hold down seventh place in the singles and the same position in the all events. Unless his 416 in the singles and 1735 in the all events is beaten today the local bowler will cash \$105 in the two events. He will also get a slice of the money in the five. The keynotes are 2421 and the All Five \$150.

Edward Wigand of Aurora is also holding his place among the first 10 in the individuals with 444. He is in ninth place, which will pay him \$70 if the score is not beaten today. The keynotes are 2421 and the All Five \$150.

The last of the Aurora bowlers shot yesterday, John Weber got inside the money in the individuals with 558. His team shot 2491 in the five. The keynotes are 2421 and the All Five \$150.

Harry Lettingwell and Eddie Hess were the only bowlers yesterday who showed signs of pin-gutting, when they bowled 1122 in the doubles. Their efforts failed to land them within 20 places of the leaders of that event, although they got a good start with 416 in their first game. M. Stanton and H. Smith ran them a poor blinding, and the control and a wicked curve. He may not have been the smartest pitcher in the world, but with these three things he was good well stocked to require any of his tools.

He had fully as much muscle as Babe Ruth, a better curve and equal or better control. Ruth, in the main, depends upon his speed, and he has never been a pitcher with this he interpreted as a curve and a sheer descent straight down. And in the box Ruth was a cunning workman and no part of a fool.

In one of his last few games, after he had been released by Mark and turned over to St. Louis, he asked permission to work against the club that had been a ha-ben. He drew the assignment, and the Rubie responded by striking out 17 Mackmen and establishing a league record, but not by the end of the trial, considered all in and thru, but he had enough stuff left to strike out more men than any right-hander or left-hander in his league had ever done before or has ever done since.

Smart Left-Handers. Contrary to popular belief, the pastime has been replete with smart, brainy left-handers. We have never seen a smarter pitcher than Theodore Breitenstein, the old \$10,000 wonder with the Browns and Reds. We can't recall pitchers any smarter than Nap Rucker, Eddie Plank, Doc White, or Tannehill.

Plank is the warhorse of the left-handers. He has lasted longer than any left-hander in baseball history. Eddie today is the veteran pitcher of his league—the oldest pitcher left in either circuit.

Zab vs. Rubie. Babe Ruth still needs the test of time to insure his greatness. You may still recall the flashy career of Rubie Marquard, who won 24 or 25 games in 1911. In 1912 he rushed forward with 19 straight, they couldn't beat him. In 1913 he was still good enough to win 24 or 25 games. But the evient Rubie has never been a great since. He pitched good ball last year, but he was no sensation.

Yet four or five years ago, when he was still only 22 or 23, he looked to have a future rimmed with purple and pink—to stand out as one of the greatest left-handers that ever indulged with the left salute.

From eight to 10 years are required to establish the greatness of any pitcher—right-hander or southpaw. Not even five years is a sufficient test.

So, Ruth, as great as he looks to be now, has several more years ahead before he comes upon a secure and lasting fame. He is young, powerful and always in good shape. He has the stuff. He should be the best pitcher in baseball this season, the most effective performer.

But quite a stretch of time still lies between Babe and lasting greatness. The main which sustains the entire base, in memory, of Waddell, Plank, White, Rucker, etc., was not grown in a year or two. Not quite.

Sport Gossip
(By GRANTLAND RICE)

Babe Ruth vs. the Field. A contemporary a day or so ago referred to Babe Ruth, the Red Sox star, as "one of the greatest, if not THE greatest, left-hander of all time—either now or in the making." The latter phrase referred to Ruth.

Ruth is a great pitcher—a mighty purveyor of the baffling pelt. He was the best left-hander in the game last year—and apparently the best left-hander extant this season.

But the time is not yet ripe to entitle him as the greatest or even one of the greatest of the southpaw class. For no such standing in the baseball community is built up in one, two or three years. Nor yet in five years.

A Few Southpaws. Ruth, who is young, powerful and possessed of the winning stuff, may some day work his way to the southpaw heights. Before he has quite a distance yet to go before he passes the various crests left by such left-handers as Tom Hanks, Theodore Breitenstein, George Edward Waddell, Doc White, Napoleon Rucker, George Wittke, Edward Plank and several others.

Left-handers have been joshed, kidded, spoofed, knuckled and all the rest of it for a good many campaigns, but many of them have been among the greatest pitchers of the game.

The greatest left-hander ever saw in action was Rubie Waddell, erratic, eccentric, a nut, a bug, but one of the hardest men to hit that ever faced the plate. Waddell had three things—baffling, blinding speed, fine control and a wicked curve. He may not have been the smartest pitcher in the world, but with these three things he was good well stocked to require any of his tools.

ROWLANDERS LOSE
TO WORLD'S CHAMPS

Chicago, May 21.—Manager Rowland of the White Sox hurled 15 men against the world's champion Red Sox yesterday afternoon at Comiskey park, but lost the decision by the score of 2 to 1.

Carl Mays, altho groggy at times, withstood the combined assaults of the picked reserves and won his own game by driving in the deciding tally with a single in the second inning.

The more or less lucky drive of the Sox broke the winning streak of the Sox at eight straight and returned Boston to the top rung in the procession. The home team won their third game in four.

It wasn't so much a victory for the victors as it was a defeat for the Sox. The Soxiders whipped themselves with reckless haste and inability to think. In the first inning they had the bases loaded without being able to score, and in the third they hung up four clean hits and got only one run over the country. In this momentous round two were killed off at the plate, after a flood of tallies had been in prospect.

Score by innings: 1 0 0 0 0 0 0 0 2 Boston, 15; 0 0 1 0 0 0 0 0 1 Sox. Three-base hits—Hobbs, E. Scott. Strike-outs—Mays, 2; by Ross, 2. Pitching records—Four hits off Sox in 2 innings. Bases on balls—Mays, 3. Left on base—Boston, 4; Sox, 8. Hit by pitcher—By J. Scott, Agnew; by Mays, Felch. Umpires—Nallin, Connolly and McCormick. Time—2:01.

BASEBALL THIEVES IN
CANADA DESPITE WAR

(The International News Service.) Portland, Ore., May 20.—Despite the fact that Canada is at war with all lines of sport. Of course, baseball slumped badly when the war started, but reports from Canada indicate that if the Western Canada league had been re-started this season it would have experienced a profitable season. Even now America's national game is being played by the semi-professionals to a great extent.

The latest indication is that sport is far from being dead in western Canada. The Western Canada Pairs association racing season started with Gary's fair June 22, and closed with Veyburn and Prince Albert August 11. A total of \$50,175 will be distributed in prize money among the winners during the season.

AFTER EIGHT YEARS

Aurora Testimony Remains Unchanged. Here is an Aurora story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Mrs. C. A. Burgess, 405 Spr. St., says: "I suffered with rheumatic pains and kidney trouble for some time, and was unable to find anything that would give me any relief. I was often very stiff and lame. My husband asked a great deal of the time, and I was in pain in my sides. I read of Dean's Kidney Pills and tried them. They gave me relief in a short time. The pains in my back left and the rheumatic pains were relieved. I am glad to say that I have been well since."

No Trouble Since. On March 21, 1917, Mrs. Burgess said: "I have the same good feeling of Dean's Kidney Pills now as when I endorsed them before. I have not had any return of my former trouble in all these years."

Woman's Alliance—The Woman's alliance will have an all-day meeting Wednesday at the home of Mrs. F. E. Brown Smith, 156 South Fourth street. Luncheon will be served at noon. Mrs. Alice Webster, Mrs. W. W. Willett, Miss Phila Marshall and Mrs. D. M. Corbin assisting.

"The School for Scandal"—The wonderful old play, "The School for Scandal," which has been played by some of the most famous actors and actresses of the world, will be given for the benefit of the Aurora hospital, Thursday and Friday evenings at the Fox theater.

It will be given under the auspices of the Aurora Dramatic League. The cast is as follows: Sir Peter Teazle, Dr. G. R. Guild, Sir Oliver Surface, Bernard Gums, Sir Benjamin Beckite, Julian Gilman, Joseph Surface, Leonard Applequist, Charles Surface, Verne Thompson, Crabtree, Russell Elliott, Rowley, Maurice Lord, Careless, Snake, Donald DePrates, Moses, Herbert Gilbert, Trip, Thomas Conklin, Lady Teazle, Mrs. John Myers, Lady Sneerwell, Eva Barnat, Mrs. Candour, Lillian Shults, Maria, Mary, and Mrs. R. H. Hunsen.

In addition, Misses Anna Mack and Alice Ganser will assist in the cavetto which will be danced, coached by Cecil Webster. Those who remember the play, recall that it centers about the days of the Restoration, and the play is a comedy of manners, and is a play of the most perfect kind, certain young men of the character of "Snake" not being averse to serving as the gossip-scattering satellites of women such as Lady Sneerwell. Sir Peter has married a woman much younger than himself, and he is the guardian of two young men, Joseph and Charles, but otherwise by nature, the latter a dashing chap with a good heart. Both admire Maria, a ward of Lady Sneerwell's, the former, however, because of Maria's money. The flirtation of Joseph, who is known as the most effective scene, one of the most of a success. There are explanations, and a general clearing of affairs. There are quantities of fun in the little play, and the cast is giving it very well. Tickets are being sold by students of both East and West High schools and members of the league.

It is impossible to think of the little play without thinking of the late L. Z. Bryant, who was a member of the cast until shortly before his death. He was to play the part of "Snake." The play is sure to be entertaining, and a play is surely a play in these days when Aurora is as play-less as could possibly be. Then,

Royal Neighbors Dance—The Royal Neighbors dance at North Aurora Saturday evening was held by and for seventy-five members and friends. The party was held in Woodman hall which was prettily decorated in spring flowers. Eddie Fitzgerald's orchestra furnished the music.

Sugar Grove Red Cross Work—The women of Sugar Grove will do their bit in the Red Cross work as the American Red Cross chapter of the Methodist church. At a meeting in the Methodist church Friday \$20 was raised to buy materials and a work shop will be opened in the church or in one of the homes where the women will meet to sew every two weeks. They will make pajamas, hanging robes, comfort bags and other knitted articles. Wednesday of this week the women will sew at the church. A picnic luncheon will be served at noon. Mrs. A. V. Moore, Mrs. James Snow and Miss Helen Seavey are the committee in charge. Seventeen women of Sugar Grove have joined the Aurora chapter.

Daughters of Veterans Entertained—The Daughters of Veterans of Illinois and Naperville were entertained at the meeting of the Aurora tent Friday evening.

Wallace W. Crume of Chicago Makes Plea in Wheaton Court That Public is Prejudiced.

A motion for a change of venue from DuPage county, based on the grounds that residents of DuPage county are prejudiced, has been made by Wallace W. Crume of Chicago, indicted in DuPage county on an alleged charge of confidence game, in connection with the organization of the Underwriters' Trust company. State's Attorney Charles Hadley has announced that he is opposed to granting a change of venue. He told the court that he will fight the motion. The hearing on the motion has been continued until next Friday.

People Too Well Read—The allegation upon which the motion for a change of venue is based is that the people of DuPage county have read in the Chicago News, a large circulation at Naperville, Elgin, Winfield, West Chicago, Warrenville, Wheaton and other places of DuPage county.

It is possible that should a change of venue be granted that the case will be tried in Kane county. Mr. Crume made the charges thru the columns of The Beacon-News, which has a large circulation at Naperville, Elgin, Winfield, West Chicago, Warrenville, Wheaton and other places of DuPage county.

PRETTY MOTHERS

No woman, in the joy of coming motherhood, should neglect to prepare her system for the ordeal she is to undergo. Experienced mothers say that it is much better to keep your health and good looks during the period of expectancy than try to regain them afterwards.

"Mother's Friend" is a preparation for just this purpose. By its use the muscles of the abdomen become pliant; the strain on the cords and ligaments is lessened;

the breasts are kept in good condition, and great comfort is had throughout all the period. Thousands of happy mothers say that "Mother's Friend" is the greatest aid they know to relieve the pain and distress at childbirth. Secure a bottle of "Mother's Friend" from your druggist now.

The complete directions are to be had with every bottle. Write for a special book for the expectant mother. Address, Bradford Regulator Co., Dept. L.258 Atlanta, Ga.

MOTHER'S FRIEND

Danger Lurks in Every Mouth!

Your teeth may look clean, but is your mouth antiseptic? Decaying particles of food hidden in crevices or about the gums may right now be doing their work of destruction. Suddenly your gums will bleed, shrink and become tender; then Pyorrhea has already set in. Too late then to avoid the suffering, tooth decay, digestive disorders and run-down health.

THE NEW ANTISEPTIC SALPHENOL

Protect your mouth and gums now. SALPHENOL, the powerful new antiseptic used as a mouth wash twice daily, will keep your mouth not only sweet, but pure. No germs or impurities can exist where Salphenol is used. 900 Chicago dentists recommend it. "Soon" may be too late—start using SALPHENOL at once. See your druggist to-day—25 and 50 Cents.

To those already suffering from Pyorrhea SALPHENOL will give immediate relief.

FIVE OTHER USES FOR SALPHENOL

1. Salphenol is ideal as an antiseptic gargle and germicide in cases of sore throat, sore tonsils, etc. Kills germs.

2. Salphenol makes a delightful mouth wash, purifies and sweetens the breath.

3. It sterilizes insect and mosquito bites, soothes and leaves the skin soft and velvety.

4. A first aid for cuts, sores, etc. Kills all germs.

5. Gives immediate relief in cases of sunburn.

EPWORTH LEAGUE
MEETING CLOSESDelegates at Batavia District
Meet Vote to Go to Morris
for Next Convention.Officers Elected, Banquet Held and
Interesting Addresses Given
Over Week-end.

Batavia, Ill., May 21.—At the meeting of the Aurora district Epworth League convention, being held in this city over the week-end, the delegates voted to hold the next conference at Morris, Ill.

There were 136 delegates in attendance at the banquet which was served in the church parlors at 6:30 o'clock Saturday evening. The officers elected at that time for the coming year were: District president, Joseph Sprinkle, Aurora; first vice president, Miss Ossa Lint, Lockport; second vice president, Miss Ethel Anderson, Batavia; third vice president, Miss Sarah Stassen, Peotone; secretary, Miss Beulah Foster, Elgin; treasurer, Haydn Robinson, Joliet; Junior League superintendent, Miss Elsie Plecher, Plattville.

The Rev. Frank Sheets, superintendent of this Methodist church district, installed these officers at the meeting last evening.

During Saturday evening the Rev. Ray L. Smith of Chicago spoke on "The High Cost of Low Living." Mr. Smith is pastor of the "St. Paul's" church in Chicago and gave a most interesting talk. Miss Fern Kewler gave a whistling solo and Miss Hilda Morrison gave a reading.

Sunday morning at 6:30 o'clock a sunrise prayer meeting, led by the Rev. D. D. Vaughan of Aurora, was held. At 10:30 o'clock the Rev. F. A. Moon had charge of the morning worship. At the meeting of the Epworth League Miss Mable Ford of Chicago gave a most instructive talk on "Why We Should Have a Junior League." The delegates left for their homes this morning.

FRENCH STEAMER SUNK

(By Associated Press Leased Wire.) Paris, May 21.—The French steamer Colbert, which was torpedoed in the Mediterranean April 30, was on her way to Saloniki when she was sunk. The ship was struck by a torpedo below the water line and the engine room was immediately flooded. There was no sign of a submarine as the ship began to sink rapidly by the stern. The crew promptly took up their stations but the bows caught up at such an angle that it was almost impossible to lower the boats.

The Colbert sank in five minutes and after it had disappeared the submarine emerged and, as is their custom, her commander asked the name, description and destination of her victim. Before he could give information a French patrol boat appeared and opened fire. After four shots had been fired the U-boat submerged just as a seaplane appeared on the horizon.

LISBON FOOD RIOTS

(By Associated Press Leased Wire.) Lisbon, via Paris, May 21.—The scarcity of bread and potatoes has caused an outbreak of rioting here. Mobs attacked several stores but order was restored by the police.

COMPLAINS OF WIFE IN
GESTURE AND WRITING

Charles Minar and Mrs. Fred Fleury, who are middle aged, were arrested yesterday on a written complaint of Mrs. Fleury's husband. He testified violently as did the people arrested. All are deaf.

Mr. Fleury thought Minar was too attentive to his wife and daughter at a party at the Fleury home.

Mr. Fleury thought Minar was too (in writing) that her husband was jealous and that he was angry because she would not give him money. The justice dismissed the complaint.

LAMB-M'KEOWN

The marriage of Edward L. Lamb, son of Mr. and Mrs. Thomas Lamb of State street, to Mrs. Lauretta M'Keown of Milwaukee took place Saturday morning at 7:30 o'clock at St. Thomas church in Milwaukee. They were attended by Mrs. Roy Porter, a sister of the bride, and Thomas Lamb, a brother of the groom. Immediately after the ceremony a wedding breakfast was served at the home of the bride's parents. Among those from out of town were Mr. and Mrs. Elmer Shepard of Sugar Grove. The decorations were in apple blossoms. Mr. and Mrs. Lamb received a number of handsome gifts. They left this morning for their home in Milwaukee.

MILITIA OFFICERS
TO TRAINING CAMPS

(By Associated Press Leased Wire.) Fort Sheridan, Ill., May 21.—Preparations were made here today for the arrival of the 25 candidates for reserve officers' commissions detailed from each national guard regiment in Illinois, Michigan and Wisconsin. The men are expected to report for training late this week.

Much time this week will be spent in bayonet and saber exercises, but infantry drill, it was announced, will continue to occupy the center of attention.

RATE LAW SUSTAINED

MANY CORN
SUFFERERS
MADE HAPPY

New Oil Treatment Brings Relief to Thousands.

It is said that New Oil Treatment is making many corn sufferers happy. You don't even have to take off your shoe to get relief. Just pour a few drops of the oil on the shoe over the corn and it goes creeping and crawling down into the corn, and the pain disappears like a magic. Then a few applications of the oil to the corn bedtime, it is said, will dissolve the callous easily peeling off the corn, thus giving you permanent relief. Call at your drugstore for trial bottle of New Oil Treatment. (Known as Snake Oil). Accept no substitute, there is nothing like it. See that the out "Made in the U. S. A." is on top of every package. Now on sale, 15c, 50c and \$1.00. Guaranteed or money refunded by P. G. Hartz Drug Co.

HIS LIFE BRIEF
AFTER A PARDONDonald Harvey Hazel Freed of
Slaying Mother Charge, Dies
at Detroit, Aged 25.Body Is Shipped to Aurora and Re-
mains Are Interred at
Spring Lake Today.

At 22 years of age, Donald Harvey Hazel, who was serving a life term in the Ohio penitentiary for the murder of his mother, the late Jessie Perrigo Hazel, of Aurora, was pardoned. The evidence did not support the verdict, the governor said. The young man lived only four years after he got out of the huge stone pile. He died Saturday in Detroit, at the home of his father, John M. Hazel. Death was caused by an abscess on the brain.

The body was shipped to Aurora, arriving this morning. Interment was in Spring Lake cemetery. The charge upon which young Hazel was convicted and which Governor Cox said was not supported by the evidence, was that he killed his mother by hitting her in the head with a hammer when she refused to give him more spending money.

BACK FROM FRONT
SAYS WITS COUNT

A world-wide pure, democracy is what the allies are fighting for. This is the statement of Samuel Addison of the Canadian army, who is in Geneva on wounded leave. With Sergeant Michael Timmins of the United States army, Allison is teaching Kane county high school boys the art of warfare at Col George Fabry's Riverbank Villa.

"We are fighting to make God's peace free and have the entire world reclaimed for free people under pure democracy rule," Allison says.

Shot in the ribs and made faint in one ear by the cannonading, he says he is all right again and will go back as soon as they will let him.

German soldiers by the hundreds and thousands have surrendered, he says. The news stories have told of thousands of Germans being captured. They surrendered. After capturing them, they gave as the reason that they were "tired of fighting and hungry." I don't say that Germany is short of rations, but we kept up such a rain of shrapnel that we cut off their source of food supply.

The Germans told us they had gone for days without food. The European battlefield is a place for men of wills and who act quickly. New and novel situations arise almost hourly, and the general principles of warfare are about the same. The soldiers from the states-meaning United States—have the reputation of being quick witted and ingenious. Every soldier believes that the soldiers from the states will do wonderful work in Europe because of their native traits.

"Why aren't the English soldiers in northern France?" a reporter asked.

"The English soldiers are there and have done great work. I was dumfounded after returning to Canada to learn that the Canadians believed that the English soldiers weren't on the fighting line."

"The English and Belgium soldiers have done great work and the world must take off their hats to them. The English troops have been in a majority of the engagements. The Irish troops have done wonderful work. They are hard fighters."

Soldier Allison said that while he was in Canada, he learned that 14 trainloads of Japanese soldiers had been transported from the west coast of Canada to the east coast and embarked for Europe to engage in the fighting.

Sergeant Timmins stated that General Pershing, who is to have charge of the United States troops in Europe, is a wonderful leader.

Aurora is awakening to its duty to the Red Cross society. Membership totals over Sunday show an encouraging increase in comparison with the showing made by this city last week. About 700 had been enrolled up until noon today.

The naming of officers for the local chapter and the selection of a board of directors has shown folk that the campaign for 5,000 members is now on in earnest, and a whole-hearted response is expected. Forty were secured over Sunday.

Elgin Gets Thousands

Elgin has just completed a successful and enthusiastic campaign for 5,000 members. Exclusive of the results of a house-to-house appeal by women of the city during the past week, there were 3,016 members enrolled Saturday night. An instance of how widely the appeal has taken hold of people of that city is found in the Old People's home, where inmates are knitting socks. An instructor has been obtained to supervise the knitting. In Elgin more patriotic than Aurora.

A colored woman entered the Red Cross station here and asked:

"Are colored people allowed to join the Red Cross?"

"They surely are, they are Americans," was the reply.

"We are just as anxious to do our bit," said the woman, "as the most of 'em," and I want you to accept my name."

Aurora spirit is coming to the fore. Aurora people will prove their loyalty to their government and their co-workers.

Wear the Red Cross!
